

DYPIMED Inter-College Competition Proposal (MCA Department)

Event Title: Project Expo (Mini Project)

1. Introduction

Our college is organizing an Inter-College Competition for the first time to encourage innovation, creativity, and technical skills among students. The Mini Project Showcase aims to provide a platform for students to present their ideas, hardware projects, and software solutions.

2. Objective

- Promote innovation and practical learning
- Encourage real-world solutions
- Provide inter-college exposure
- Enhance presentation skills

3. Event Description

The Mini Project Showcase allows participants to present hardware projects, software projects, or innovative ideas. Participants will explain their concept, working model, and real-world application.

4. Participation Rules

- Team size: Minimum 2 and Maximum 3 participants
- One project per team
- Projects can be working models or ideas

5. Evaluation Criteria

- Innovation and creativity
- Technical implementation
- Practical usefulness
- Presentation quality
- Problem-solving approach

6. Judging

Participants will pitch their project to judges. The final decision will be made by the judges and will be final.

7. Event Requirements

- Teams must bring their own equipment
- Basic setup will be provided
- Internet requirement should be informed in advance

8. Prizes & Recognition

Winners and runners-up will receive certificates and prizes. All participants will receive participation certificates.

9. Conclusion

This competition will provide a platform for students to showcase talent, exchange ideas, and build innovation culture.
